- Other duties as assigned.

Qualifications:

- Bachelor's degree in accounting or equivalent work experience. Master's degree in Taxation preferred. Six or more years of domestic and international tax preparation and compliance.
- Prior experience with R&D accounting in the Bio-tech industry is preferred
- CPA certification required.

Skills, Knowledge & Abilities:

- Comfortable working independently with supervision
- Strong financial management capabilities
- Highly organized, results driven, problem solver
- Superior written and oral communication skills and the ability to work with different levels of management
- Highly motivated with the ability to be flexible in a fast-paced environment

Apellis is...

A clinical-stage biopharmaceutical company focused on the development of novel therapeutic compounds to treat disease through the inhibition of the complement system, which is an integral component of the immune system, at the level of C3, the central protein in the complement cascade. We believe that this approach can result in broad inhibition of the principal pathways of the complement system and has the potential to effectively control a broad array of complement-dependent autoimmune and inflammatory diseases.
