

Senior Corporate Accountant, Crestwood, Kentucky

Responsibilities:

The **Senior Corporate Accountant** is a key member of our finance team and is responsible for the coordination, implementation, and maintenance of Apellis' program for compliance with the Sarbanes-Oxley Act of 2002. The Senior Corporate Accountant works independently with teams from several areas of the company and is the primary point person for advising on SOX compliance. They will assist with accomplishing business objectives of identifying and appropriately documenting internal controls over financial reporting by bringing a systematic, disciplined and timely approach to evaluating and improving the effectiveness of risk management, control, and governance processes.

- Reduces risk exposure by ensuring compliance with SOX requirements.
- Consults with management and external auditors in the development of goals, strategic plans, objectives, budgets, projects, and procedures.
- Examine accounting records, including financial statements and other financial reports to assess accuracy, completeness and conformance to SOX standards.
- Coordinates the process to identify required SOX disclosures and related discussions with the appropriate levels of management.
- Collaborate with process and control owners across the business and enhance/improve the SOX documentation to ensure it meets external auditor's expectations.
- Perform walk-throughs for processes and controls.
- Design and execute testing to ensure key controls are effective.
- Assess risk and perform a root cause analysis on identified deficiencies.
- Work with control owners to verify remediation plans that address root cause.
- Apply judgement to identify enhancements to processes and controls that most efficiently and effectively address risks.
- Other duties as assigned.

Qualifications:

- BS/BA degree in Accounting or Finance and relevant work experience
- CPA is preferred
- Overall 7+ years of accounting experience; inclusive of 1-3 years of professional
- experience in public accounting and 3-4 years of experience with Sarbanes Oxley
- Prior experience in Bio-tech industry is preferred

Skills, Knowledge & Abilities:

- Comfortable working independently with supervision
- Highly organized and results-driven
- Superior written and oral communication skills and the ability to work with different levels of management

- Energetic, hands-on attitude toward projects, people and overall job responsibilities that translates into improvements in the internal control function
- Highly motivated with the ability to be flexible in a fast-paced environment

Apellis is...

A clinical-stage biopharmaceutical company focused on the development of novel therapeutic compounds to treat disease through the inhibition of the complement system, which is an integral component of the immune system, at the level of C3, the central protein in the complement cascade. We believe that this approach can result in broad inhibition of the principal pathways of the complement system and has the potential to effectively control a broad array of complement-dependent autoimmune and inflammatory diseases.
